Band Director Needs

12 Kids are going to state

-Mrs. Deen asked Boosters to provide dinner money. She has some \$5 bills left from Area and we can add to that to offset the cost a bit for students.

Mrs. Deen is going to ask Brian May about having the band Christmas Party and the skating rink. She will let us know details via the Band app.

Spring Trip 2025-26 Update - Everything is going as planned.

Spring Trip 2026-27 - Mrs. Deen is working with travel agencies to price a trip to Universal Studios and Disney Land in Florida. There is an education opportunity at Disney that lasts half a day. Mrs. Deen would rather do this than haul instruments to Florida and march in a parade.

Slides comparing 2024 vs 2025 concession sales were shared. It was noted that we had more home field varsity games this year which contributed to a noticeable increase in sales.

The final Thursday (Nov 6) at concessions was discussed.

-Danny said he has nachos, popcorn, drinks and some candy to sell the final night.

-Jennifer added that we should make and sell lots of hot chocolate.

-Mandy added that any hot chocolate or drinks left can be given to the Color Guard to sell at the Christmas Concerts, middle school and high school.

-Boosters and volunteers are planning to come to "close up shop." We will consolidate hopefully to one fridge. We will empty and clean freezers, equipment, etc.

-Mr. Smith plans on bringing his boys to help.

-Mr. Smith brought up it could be a good idea to sell individual flowers at the Christmas Concerts. Parents could buy the flowers to give to their children.

-Mrs. Deen added that we could sell large graphics that are decorative that parents could write a message to their child on.

-Mrs. Deen thinks adding iced coffee to concessions next year could be a real money maker. We can price items and experiment with recipes in July of 2026.

-Mandy will check concessions fridges and freezers just before the school year ends to make sure they have been emptied. We don't want anything spoiling just in case the power goes out.

New Business:

Linda Mitchell would like to work in discussing getting a larger trailer at meetings.

-We currently have a 2 axle 30 foot trailer.

-We could potentially upgrade to a 3 axle, 40 foot trailer but it would need to be pulled by a dually truck.

-Mrs. Deen will speak to transportation.

Jamie Stringfield brought up asking BAFYO's football commissioner to not schedule practice at the stadium on Monday nights when the band practices. Possibly ask Cliff Dyer who the commissioner is.

Mandy Pickle brought up giving a gift card to Kevin and Susie Shimp. She will purchase a gift card on her own and the Booster Club with sign a thank you card.

Those present agreed to skip December and January as far as Booster meetings and reconvene on February 2nd.

The Christmas Party details and needs will be communicated via the Band App.

Meeting adjourned 6:05pm

Next meeting scheduled for February 2nd.
